Fire Instructions

IF YOU DISCOVER A FIRE:

1. Immediately operate the nearest fire alarm.
2. Attack the fire, if possible, with the appliances provided but without taking personal risks.
3. Call the Fire Brigade (dial 999).
4. Keep calm – to panic is to put lives at risk.
5. Leave the premises by the nearest exit.
   - Leave all windows and doors closed
   - Do not stop to collect personal belongings
   - Do not re-enter the building
6. Congregate in the front car park on the grassed area as quickly as possible.
7. The fire monitors for each floor will take a roll call – please help them with this by going directly to them on leaving the building

PLEASE WOULD YOU ENSURE THAT:

- you are familiar w/ the whereabouts and operation of the nearest fire alarm and nearest fire fighting equipment.
- you know where the nearest fire exit is.
